Examining the Origins of America's Founding Faith : NPR

Founding Faith is an excellent book about an important subject: the inescapable—but manageable—intersection of religious belief and public life. With a grasp of history and an understanding of the exigencies of the moment, Waldman finds a middle ground between those who think of the Founders as apostles in powdered wigs and those who assert, equally inaccurately, that the Founders believed religion had no place in politics.*

The culture wars have distorted the dramatic story of how Americans came to worship freely. Author Waldman, cofounder of Beliefnet.com, argues that the United States was not founded as a "Christian nation," nor were the Founding Fathers uniformly secular or Deist. Rather, the Founders forged a new approach to religious liberty, a revolutionary formula that promoted faith—by leaving it alone.

Founding Faith Quotes by Steven Waldman

The final chapter, which lists several myths from the Left and the Right about the founding fathers and the constitutional application of faith and country. The nutshell is our founding fathers escaped from religious persecution and wanted to make sure the government they were setting up kept out of the affairs of religion; however, once elections happened politicians immediately started pandering to their base.
