The only unit belonging to the European Traders is the Black Ship, the most powerful naval unit in the game. This ship appears by itself and sails along the western and northern coasts of the map. If the Black Ship is captured by a clan, the European Traders will not send another one unless the initial ship gets sunk.

European Traders | Total War Wiki | Fandom

Although men were the clan's primary traders and warriors, they relied on the women to supply them with the food they needed while away. In the political realm, although male chiefs were responsible for representing the voices of both their clan's men and women, it was the clan mothers' who chose which men would take on that important role (Bonvillain, 1989). 6

Clash Royale: What is the Trader? - Supercell Support

The Dutch Traders are the second fleet of Christian traders from Europe who sail to Japan in Shogun: Total War. Upon accepting the proposal to trade from the Dutch when their ship reaches a province with a port, a clan can construct a Dutch Trading Post in any province which has a port. They come after the Catholic Portuguese Traders. Unlike the Portuguese, the Dutch do not require the clan to convert to christianity to trade with them.
