The International Certificate of Vaccination or Prophylaxis (ICVP) is the official documentation used as proof of vaccination against a disease when a country entry requirement exists, as designated under the International Health Regulations (IHR). The Public Health Agency of Canada recommends issuing an ICVP to anyone receiving a vaccine or prophylaxis designated under the IHR, even if it is not administered to meet a country entry requirement.

Recommendations for Completing the International ...

Children need an immunisation certificate to show if they are fully immunised or not. The nurse/doctor will sign the certificate when giving the 15 month immunisations and again after the immunisations prior to school entry. If you choose against immunisation the certificate can be signed by the nurse/doctor at any time.
